FLA DVD 2010

Posted 2010-07-26 by [Henrik](#)

[FLA > World Domination > M'era Luna Festival > Bio-Mechanic](#)

Just Returned from Amphi Festival in Cologne, where i recorded the FLA show + Interview + Signing session, as part of the crazyclip.tv recording crew. Also recorded other bands like And One, VNV Nation, Eisbrecher, Skinny Puppy, Blutengel!!! and had a great time, even enjoying the last one. All went down pretty well, copyin footage to the comp now.

Lookin foward to releasing the 'old' WD DVD via Jochen Schoberths label 'Etage Music', also looks like Jochen, who recorded the M'era Luna audio and now the Amphi show, will be the soundman for the IED Tour DVD. Could've been worse of an experience :)

Delerium DVD

Posted 2010-05-09 by [Henrik](#)

Since my information got deleted and i got banned from the Delerium.ca forum, i'd like to share this ugly truth on here at least... back in the day i collaborated with Nasty Byte on the FLA DVD. the collaboration ended when nb kicked me out of my own dvd project and had a record deal ready to sign for her part of the FLA DVD, featuring FLA live video NOT backed by FLA live audio, but by FLA studio album and FLA 'Live Wired' 2CD audio recordings, all not declared as such, and all not licensed from the recordings' rights holder Metropolis Records. thats the old story.

the new story is that Nasty is about to release a Delerium live DVD - whoa, with real live audio this time - featuring 12 live songs. INTERESTING SIDENOTE is that the real concert featured at least 2 more songs than the live dvd of the show, that most likely had to be left off to save royalty cost. also you mightve noticed that the failure that is henrik bauer has by now sucessfully licensed and pre-paid all FLA and Intermix promo video clips (minus Mindphaser) for the FLA DVD. nasty byte however claims that she was unable to release more than 0 Delerium promo video clips on her Del DVD because she doesnt hold the rights to them. which sounds weird as i neither hold the rights to any of the FLA ones.

Therefor I wish Nasty 'photoshopped fake' Byte all the best of success with her new fan screwage, and congratulate all the fans to consciousnessly applauding her for her selfless, entirely moneydriven efforts. My FLA DVD featuring 2,5 full FLA live concerts and all the licensed FLA clips remains in
